3-in-1 WakeStylus + Pen + Laser Pointer

- DO NOT direct or shine a laser pointer into a person's eyes or stare into the laser. Doing so may cause vision dysfunction such as temporary flash blindness, disorientation or glare. Although this is temporary, it can be particularly dangerous if the person exposed is engaged in a vision critical activity such as driving. Additionally, repeated and/or prolonged exposure to the laser beam may be hazardous.

- DO NOT direct laser beam at a person or animal. Laser pointers are designed to only to illustrate inanimate objects for presentation purposes. It is illegal in some areas to direct a laser pointer at a law enforcement officer or any other person. The purchaser/user is responsible for ensuring the use of the laser pointer is in accordance with any and all applicable local laws.

- DO NOT aim the laser pointer at any reflective surface (such a mirror), since this may cause the beam to be redirected to an eye.

- DO NOT allow unsupervised used of the laser pointer by a minor. In some areas it is illegal for a minor to operate or purchase a laser pointer.

- DO NOT disassemble or modify the laser pointer.

- The purchaser/user is responsible for ensuring the proper, legal & safe use of the laser pointer.

DO NOT direct or shine a laser pointer into a person's eyes or stare into the laser. Doing so may cause vision dysfunction such as temporary flash blindness, disorientation or glare. Although this is temporary, it can be particularly dangerous if the person exposed is engaged in a vision critical activity such as driving. Wake directions:
The SIIG 3-in-1 WakeStylus + Pen + Laser Pointer can quickly wake-up compatible iPad models.

To wake:
Swipe the upper right edge (approximately 3" from the top) of compatible iPad in an up & down motion

Replacing ink refill:
The SIIG 3-in-1 WakeStylus + Pen + Laser Pointer uses Cross #8518 refills.

To replace the ink refill:
1) Unscrew the stylus
2) Unscrew the ink refill and remove
3) Remove the small (black) cap from existing ink refill and attach to the new refill
4) Insert the new refill and tighten
5) Reassemble the stylus

Replacing batteries:
The SIIG 3-in-1 WakeStylus + Pen + Laser Pointer uses three (3) LR41/L736 button cell batteries.

To replace the batteries:
1) Unscrew the stylus
2) Remove the old batteries and discard them safely
3) Insert three (3) new batteries with the positive (+) side facing up
4) Reassemble the stylus

Support:
