

SuperSpeed USB 7-Port Hub Quick Installation Guide

Introducing the SuperSpeed USB 7-Port Hub

The *SuperSpeed USB 7-Port Hub* is designed to support USB 3.0 & USB 2.0 equipped PC computers. This SuperSpeed USB hub expands USB 3.0 connectivity to your computer to work with all USB devices such as external hard disks, high resolution webcams, camcorders, video surveillance cameras, digital video cameras and more.

Key Features and Benefits

- Compliant with Universal Serial Bus 3.0 Specification, Revision 1.0
- Adds seven more USB ports (3 USB 3.0 & 4 USB 2.0) to your system
- Supports ultra-fast data rates up to 5 Gb/s (10 times faster than USB 2.0) and is backward compatible with USB 2.0 & 1.1 devices
- Built-in per port over current protection

System Requirements

- Desktop or notebook PC with an available USB port (USB 3.0 recommended)
- Windows® 7 (32-/64-bit) / Vista (32-/64-bit) / XP (32-/64-bit) / Server 2003 & 2008 (32-/64-bit)

Package Contents

- SuperSpeed USB 7-Port Hub
- USB 3.0 cable
- Switching power adapter
- Quick installation guide

Installation

Important: The *SuperSpeed USB 7-Port Hub* only works at USB 3.0 speed when connected to a USB 3.0 host controller. Otherwise it will work as a USB 2.0 or USB 1.1 hub when connected to USB 2.0 or USB 1.1 host controller, respectively.

In order for the *SuperSpeed USB 7-Port Hub* to work as a USB 3.0 hub, the driver for your existing USB 3.0 host controller has to be properly installed. This hub will automatically be detected and installed when connected to the USB 3.0 port.

1. Connect the Type-B connector of the included *USB 3.0 cable* to the **Upstream port (Root Port, Type-B)** of the *SuperSpeed USB 7-Port Hub*.
2. Connect the *Switching power adapter* into the **Power jack** of the *SuperSpeed USB 7-Port Hub*, then plug the power adapter into a reliable power source.

3. Plug the **Type-A connector** of the included *USB 3.0 cable* into an available USB port (USB 3.0 recommended), and the driver will install automatically.
4. The *SuperSpeed USB 7-Port Hub* is ready for use.

To Verify Successful Installation

1. Check in Device Manager to verify installation.
For Windows 7: Right click **Computer**, click **Manage**, click **Device Manager**.
For Windows Vista: Right click **Computer**, click **Manage**, click **Continue**, click **Device Manager**.
For Windows XP / Server 2003: Right click **My Computer**, click **Manage**, click **Device Manager**.
For Windows Server 2008: Right click **Computer**, click **Manage**, double click **Diagnostics**, click **Device Manager**.
2. Double click **Universal Serial Bus controllers**.
For Windows 7 / Vista / XP
With SuperSpeed USB (USB 3.0) host adapter: **NEC Electronics USB Hub** should be listed three times.
With Hi-Speed USB (USB 2.0) host adapter: **Generic USB Hub** should be listed two times.
For Windows Server 2003 / 2008: **Generic USB Hub** should be listed two times.

Technical Support and Warranty

QUESTIONS? SIIG's **Online Support** has answers! Simply visit our web site at www.siig.com and click **Support**. Our online support database is updated daily with new drivers and solutions. Answers to your questions could be just a few clicks away. You can also submit questions online and a technical support analyst will promptly respond.

SIIG offers a 5-year manufacturer warranty with this product. Please see our web site for more warranty details. If you encounter any problems with this product, please follow the procedures below.

If it is within the store's return policy period, please return the product to the store where you purchased from. If your purchase has passed the store's return policy period, please follow these steps to have the product repaired or replaced.

Step 1: Submit your RMA request.

Go to www.siig.com, click **Support**, then **RMA** to submit a request to [SIIG RMA](#). Your RMA request will be processed, if the product is determined to be defective, an RMA number will be issued.

Step 2: After obtaining an RMA number, ship the product.

- Properly pack the product for shipping. All accessories that came with the original package must be included.
- Clearly write your RMA number on the top of the returned package. SIIG will refuse to accept any shipping package, and will not be responsible for a product returned without an RMA number posted on the outside of the shipping carton.
- You are responsible for the cost of shipping. Ship the product to the following address:

SIIG, Inc.

6078 Stewart Avenue

Fremont, CA 94538-3152, USA

RMA #: _____

- SIIG will ship the repaired or replaced product via Ground in the U.S. and International Economy outside of the U.S. at no cost to the customer.

About SIIG, Inc.

Founded in 1985, SIIG, Inc. is a leading manufacturer of IT connectivity solutions (including Serial ATA and Ultra ATA Controllers, FireWire, USB, and legacy I/O adapters) that bridge the connection between Desktop/ Notebook systems and external peripherals. SIIG continues to grow by adding A/V and Digital Signage connectivity solutions to our extensive portfolio.

SIIG products offer comprehensive user manuals, many user-friendly features, and are backed by an extensive manufacturer warranty. High quality control standards are evident by the overall ease of installation and compatibility of our products, as well as one of the lowest defective return rates in the industry. SIIG products can be found in computer retail stores, mail order catalogs, through major distributors, system integrators, and VARs in the Americas and the UK, and through e-commerce sites.
