| Wired Length                | 4.92ft (1.5m)   |
| Number of Buttons           | 8-button  |
| Supported Mode              | Gaming / Multimedia                                     |
| DPI Resolution              | 1000 / 1600 / 2000 / 2400                               |
| Battery Type                | Lithium polymer battery                                 |
| Battery Capacity            | 1200mAh   |
| Operating Voltage           | 3V  |
| Current Consumption         | Operating: < 4mA<br>Stand by: 1.3mA<br>Sleep mode: 50uA |
| Charging Time               | 6 hours   |
| Color                       | Black   |
| Dimensions                  | 4.53" (W) x 1.50" (H) x 3.07" (D)                       |
| Weight                      | 0.21 lbs  |
| Operating Temperature       | -13 to 113 degrees F                                    |

## System Requirements

- PC system with an available USB port

# Layout

In Gaming\* or Multimedia\*\* mode, some buttons change function, refer to the layout images for details.

**Note:** In multimedia mode, click Media Player's play / pause button (playback indicator) first and the Mouse's Play, Pause, Backward and Forward functions will be available.

**Figure 1: Top Layout**

**Figure 2: Bottom Layout**

- **Light:** Power on for both modes and light on
- **ON:** Power on for both modes but light off
- **OFF:** Power on for the wired mode but light off. Power off the wireless mode

Figure 3: Power Switch

## Charging the Lithium Polymer Battery

---

1. Plug the *Mouse* into a USB port of your computer using the included USB cable.
2. The battery indicator will be on during charging. When fully charged the battery indicator is off.

**Note:** When charging the battery while in Wireless mode, the *Mouse* will automatically switch to Wired mode. To return to Wireless mode, simply unplug the USB cable when charging is complete.

## Installation

---

1. Power on the *Mouse*.

2. **Wireless mode:** Remove the *USB Wireless Receiver* from **USB receiver storage compartment** and plug it into an available USB port of your computer. *Note:* The *Mouse* will automatically switch to **Wired mode** when charging the Lithium Polymer battery. See page 5 for more details.

**Wired mode:** Connect the *Mouse* to an available USB port of your computer using the included USB cable. **Important:** Remove the USB wireless receiver from the **storage compartment** for smooth operation.

3. Choose either Gaming or Multimedia mode by sliding the **Mode Switch** into position. *Note:* Some mouse buttons have different functions in Gaming or Multimedia mode, refer to page 4 for details.

|   |
|---|
| <ul style="list-style-type: none"><li>- In wired mode, the polling rate is set as 500Hz for optimal performance.</li><li>- In wireless gaming mode, choose a higher polling rate when using higher DPI resolution for the best user experience.</li></ul> |

# Technical Support and Warranty

---

**QUESTIONS?** SIIG's **Online Support** has answers! Simply visit our web site at [www.siig.com](http://www.siig.com) and click **Support**. Our online support database is updated daily with new drivers and solutions. Answers to your questions could be just a few clicks away. You can also submit questions online and a technical support analyst will promptly respond.

SIIG offers a 1-year manufacturer warranty with this product. This warranty covers the original purchaser and guarantees the product to be free of any defects in materials or workmanship for one (1) year from the date of purchase of the product. This warranty is not transferable and is available only to the original purchaser of the product.

SIIG will, at our discretion, repair or replace (with an identical product or product having similar features and functionality) the product if defective in materials or workmanship. This warranty gives you specific legal rights, and you may also have other rights which vary from state to state. Please see our web site for more warranty details.

If you encounter any problems with this product, please follow the procedures below.

A) If it is within the store's return policy period, please return the product to the store where you purchased from.

B) If your purchase has passed the store's return policy period, please follow the steps below to have the product repaired or replaced.

**Step 1:** Submit your RMA request.

Go to [www.siig.com](http://www.siig.com), click **Support**, then **REQUEST A PRODUCT REPLACEMENT** to submit a request to [SIIG RMA](#) or fax a request to 510-657-5962. Your RMA request will be processed, if the product is determined to be defective, an RMA number will be issued.

**Step 2:** After obtaining an RMA number, ship the product.

- Properly pack the product for shipping. All accessories that came with the original package must be included
- Include a copy of your original sales receipt inside the package with date of purchase and place of purchase circled and clearly visible
- Clearly write your RMA number on the top of the returned package. SIIG will refuse to accept any shipping package, and will not be responsible for a product returned without an RMA number posted on the outside of the shipping carton
- You are responsible for the cost of shipping to SIIG. Ship the product to the following address:

**SIIG, Inc.**

**6078 Stewart Avenue**

**Fremont, CA 94538-3152, USA**

**RMA #: \_\_\_\_\_**

- SIIG will ship the repaired or replaced product via Ground in the U.S. and International Economy outside of the U.S. at no cost to the customer

## About SIIG, Inc.

---

Founded in 1985, SIIG, Inc. is a leading manufacturer of IT connectivity solutions (including Serial ATA and Ultra ATA Controllers, FireWire, USB, and legacy I/O adapters) that bridge the connection between Desktop / Notebook systems and external peripherals. SIIG continues to grow by adding A/V and Digital Signage connectivity solutions to our extensive portfolio.

SIIG products offer comprehensive user manuals, many user-friendly features, and are backed by an extensive manufacturer warranty. High quality control standards are evident by the overall ease of installation and compatibility of our products, as well as one of the lowest defective return rates in the industry. SIIG products can be found in computer retail stores, mail order catalogs, through major distributors, system integrators, VARs and through e-commerce sites.
