

Dual **Stacked Monitor** **Arm Desk Mount**

*Height adjustment
up to 28"*

Part# CE-MT3R11-S1

*Create a comfortable, clean,
and efficient workspace with
gas spring arms for stacked
or side-by-side configurations*

- Supports monitors from 17" to 32" and up to 19.8 lbs (9kg) of weight for each
- Achieve optimal viewing angles for both sitting and standing positions with 28" height adjustment and 16.6" arm extension per monitor
- Dual independent pivots and arms provide unmatched adjustability, allowing for side-by-side, back-to-back, stacked, landscape, portrait, and mixed monitor configurations
- Enjoy an exceptional degree of flexibility with 360° arm swivel, 35° upward and downward tilt, 180° monitor swivel, and full 360° monitor rotation
- Supports VESA mounting patterns of 75x75 and 100x100mm. A quick-release and install VESA plate for efficient and secure monitor attachment
- Both desk clamp and grommet mount bases are included, allowing for easy and quick installation on any desk or table
- The C-clamp is compatible with desk surfaces from 0.4" to 3.4" thick. The grommet mount fits grommets 3.3" thick with holes between 0.4" to 2.3" in diameter
- Integrated cable management system keeps cables neat and organized, minimizing clutter and maximizing workspace aesthetics

Common Applications

- Office, Workstation, Home station, Show room, Museum, Medical office, Testing lab, Reception room
