

Single **Heavy Duty** Monitor Arm for **Top Mount**

VESA Mounting patterns
up to 200x200mm

Part# CE-MT3S11-S1

Stable, smooth, and effortless adjustments for up to 49" monitors with perfect viewing angles and easy top-mounting

- Supports monitors from 34" to 49" and up to 44 lbs (20kg) of weight
- Elevate monitor to the optimal viewing height, from 8.1" to 19.1" above desk, and extend the arm up to 21.7" from the wall for ample space and positioning flexibility
- Provides 360° arm swivel, 80° upward and 15° downward tilt, 180° monitor swivel, and full 360° monitor rotation, ensuring durability and reliability
- Supports VESA mounting patterns of 75x75, 100x100, 200x100, 200x200mm. With a detachable design, simply attach the VESA plate to monitor and hook it onto the arm
- Both desk clamp and grommet mount bases are included, allowing for easy and quick installation on any desk
- The C-clamp is compatible with desk surfaces from 0.4" to 3.4" thick. The grommet mount fits grommets 3.3" thick with holes between 0.4" to 2.3" in diameter
- This Single Heavy Duty Monitor Arm is easily mounted and removed from the top of a desk
- Integrated cable management system keeps cables neat and organized, minimizing clutter and maximizing workspace aesthetics

Common Applications

- Gaming room, Media editing center, Photo shooting studio, Office, Workstation, Medical office, Testing lab
