

Dual Monitor Gas Spring Arm Desk Mount

VESA Mounting patterns
75x75, 100x100mm

Part# CE-MT3Y11-S1

Boasts a sleek design and smooth Gas Spring technology, making it easy to adjust your monitors to the perfect height for comfortable viewing

• Detachable & locking VESA plate

- Easy to set up dual monitor arms with gas spring technology for effortless and precise height adjustments
- Supports monitors from 13" to 32" and up to 22 lbs (10kg) each. Rotatable VESA plates allows portrait, landscape, or mixed orientation for ultimate flexibility
- Detachable VESA plates accommodate VESA mounting patterns of 75x75 mm and 100x100 mm for quick and secure installation
- Offers 4.72" to 16.14" height adjustment, 16.93" arm extension, 360° arm swivel, 90° to -45° tilt (upward/downward), and 180° pan angles (left/right)
- Includes both C-clamp and Grommet mount bases for easy installation on most desks and tables
- C-Clamp fits desks 0.39" to 2.36" (10-60mm) thick. Grommet mount fits through holes 0.39" to 2.36" (10-60mm) wide and up to 2.76" (70mm) thick
- Integrated cable management system keeps cables neat and organized for a clean and clutter-free workspace

Common Applications

- Office, Workstation, Media editing room, Medical office, Reception room, Testing lab, Classroom, Library, Museum, Service center
