

# Ultra Heavy Duty Single Monitor Arm Desk Mount

VESA Mounting Patterns:  
75x75, 100x100, 200x200mm

Part# CE-MT3Z11-S1

*Effortlessly adjust your monitor, up to 57", to your ideal position and enjoy seamless connectivity with integrated USB-C & USB-A ports*

- Effortlessly handle colossal monitors from 17" to 57" and 59.5 lbs (27kg) with this gas spring arm. Ideal for flat, curved, and ultrawide displays
- Offers up to 25.8" height adjustment, 20.7" arm extension, 360° arm swivel, +60° to -20° tilt (upward/downward), 180° swivel, and 360°/180° pan angles (unlock/lock) for ultimate flexibility
- Built-in rotation lock ensures your monitor stays perfectly level
- Detachable VESA plates accommodate VESA mounting patterns of 75x75, 100x100, 200x100, 200x200mm for quick and secure installation
- Includes both Top mount C-clamp and Grommet mount bases for easy installation on most desks and tables
- A desk protection plate is included, allowing the C-Clamp with plate to fit desks 0.39" to 1.40" (10-37mm) thick. The Grommet mount fits through holes 0.39" to 2.36" (10-60mm) wide and up to 1.20" (32mm) thick
- Integrated USB-C (40Gbps/PD 100W) and USB-A (5Gbps) cables extend device reach for easy connections. Keep your peripherals powered and connected without the need for extra cables
- Integrated cable management system keeps cables neat and organized for a clean and clutter-free workspace

## Common Applications

- Gaming center, Film editing room, Photo shooting studio, Digital media center, Animation center, Office, Workstation, Medical office, Testing lab
