

USB 3.0 to 2.5" SATA HDD/SSD Mini Docking Quick Installation Guide

Introduction

The *USB 3.0 to 2.5" SATA HDD/SSD Mini Docking* quickly adds more storage space to your USB-enabled computer.

Key Features and Benefits

- Simple tool-less design with no driver installation required
- Compact and low power consumption with no power adapter needed
- Fits 2.5" 9.5mm & 12.5mm SATA hard disk drives (HDD) or solid-state drives (SSD)
- Supports 3TB hard disk capacity
- Compliant with Serial ATA & SuperSpeed USB 3.0 Specifications and backwards compatible with USB 2.0 specification

Note: For maximum data throughput, use a SATA 3Gb/s drive with the Mini Docking and connect to a USB 3.0 port.

System Requirements

- Desktop or notebook PC with an available USB 2.0/3.0 port (USB 3.0 recommended)
- Windows® 7 (32-/64-bit) / Vista (32-/64-bit) / XP (32-/64-bit) / Server 2003 & 2008 (32-/64-bit)

Package Contents

- *USB 3.0 to 2.5" SATA HDD/SSD Mini Docking*
- USB 3.0 Y-split (data & power) cable
- Quick installation guide

Layout

USB 3.0 Y-split Cable

Figure 2: USB 3.0 Y-split Cable

Installation

1. Make sure the HDD or SSD SATA connectors are in alignment with the *Mini Docking* SATA connectors. Gently insert the hard drive into the drive slot.
2. Plug the included USB 3.0 cable, see Figure 2 on page 3, into the *Mini Docking*. (Use the end with the USB 3.0 Micro B connector)
3. Plug the **USB Data Connector**, see Figure 2 on page 3, into a USB port (USB 3.0 recommended) of the computer.
4. Power on the *Mini Docking*, the **Power LED** and **Access LED** will be lit.

Important: In most cases the **USB Data Connector** will supply enough power to the *Mini Docking*. If not, use the optional **USB Power Connector**, first unplug the **USB Data Connector**, then plug the **USB Power Connector** into an available USB port, then re-plug the **USB Data Connector**.

5. Windows will automatically detect and install the drivers for the *Mini Docking*. No additional driver installation is needed.

Using the USB 3.0 to 2.5" SATA HDD/SSD Mini Docking

An additional drive icon will appear in **Computer** or **My Computer** when the *Mini Docking* is plugged into a USB 3.0 port. The drive acts just like a conventional hard drive in your system.

Note: Be careful not to touch the hard drive while in use. It will be warm.

Disconnecting From The Computer

Before unplugging *Mini Docking* from the computer, it must first be stopped, by using Windows' **Safely Remove Hardware** utility. Follow the steps below for your version of Windows. The same rule applies when turning off the *Mini Docking*. **Not following the instructions may result in data corruption or damage to the hard drive.**

Note: Never insert or remove a HDD or SSD when the *Mini Docking* is powered on.

Windows 7 (32-/64-bit)

1. Verify that the **Access LED** is not flashing before proceeding.
2. Click the **Safely Remove Hardware and Eject Media** icon located in the taskbar by the system clock.
3. Click **Eject**.
4. When the message **Safe To Remove Hardware** pops up, you can safely turn off or unplug the *Mini Docking*.

Note: Never insert or remove a drive when the *Mini Docking* is powered on.

Windows Vista (32-/64-bit)

1. Verify that the **Access LED** is not flashing before proceeding.
2. Double click the **Unplug or Eject Hardware** icon located in the system tray.
3. Highlight **USB Mass Storage Device**, click **Stop**.
4. Click **OK**, click **OK** again, then **Close**.

5. You can safely unplug or turn off the *Mini Docking*.

Note: Never insert or remove a drive when the *Mini Docking* is powered on.

Windows XP (32-/64-bit) / Server 2003 & 2008 (32-/64-bit) / 2000 SP4

1. Verify that the **Access LED** is not flashing before proceeding.
2. Double click the **Safely Remove Hardware** icon located in the system tray.
3. Highlight **USB Mass Storage Device**, click **Stop, OK** then **Close**.
4. You can safely unplug or turn off the *Mini Docking*.

Note: Never insert or remove a drive when the *Mini Docking* is powered on.

Technical Support and Warranty

QUESTIONS? SIIG's **Online Support** has answers! Simply visit our web site at www.siig.com and click **Support**. Our online support database is updated daily with new drivers and solutions. Answers to your questions could be just a few clicks away. You can also submit questions online and a technical support analyst will promptly respond.

SIIG offers a 5-year manufacturer warranty with this product. This warranty covers the original purchaser and guarantees the product to be free of any defects in materials or workmanship for five (5) years from the date of purchase of the product.

SIIG will, at our discretion, repair or replace (with an identical product or product having similar features and functionality) the product if defective in materials or workmanship. This warranty gives you specific legal rights, and you may also have other rights which vary from state to state. Please see our web site for more warranty details.

If you encounter any problems with this product, please follow the procedures below.

A) If it is within the store's return policy period, please return the product to the store where you purchased from.

B) If your purchase has passed the store's return policy period, please follow the steps below to have the product repaired or replaced.

Step 1: Submit your RMA request.

Go to www.siig.com, click **Support**, then **REQUEST A PRODUCT REPLACEMENT** to submit a request to **SIIG RMA** or fax a request to 510-657-5962. Your RMA request will be processed, if the product is determined to be defective, an RMA number will be issued.

Step 2: After obtaining an RMA number, ship the product.

- Properly pack the product for shipping. All accessories that came with the original package must be included.
- Clearly write your RMA number on the top of the returned package. SIIG will refuse to accept any shipping package, and will not be responsible for a product returned without an RMA number posted on the outside of the shipping carton.
- You are responsible for the cost of shipping to SIIG. Ship the product to the following address:

SIIG, Inc.

6078 Stewart Avenue

Fremont, CA 94538-3152, USA

RMA #: _____

- SIIG will ship the repaired or replaced product via Ground in the U.S. and International Economy outside of the U.S. at no cost to the customer.

About SIIG, Inc.

Founded in 1985, SIIG, Inc. is a leading manufacturer of IT connectivity solutions (including Serial ATA and Ultra ATA Controllers, FireWire, USB, and legacy I/O adapters) that bridge the connection between Desktop/ Notebook systems and external peripherals. SIIG continues to grow by adding A/V and Digital Signage connectivity solutions to our extensive portfolio. SIIG products offer comprehensive user manuals, many user-friendly features, and are backed by an extensive manufacturer warranty. High quality control standards are evident by the overall ease of installation and compatibility of our products, as well as one of the lowest defective return rates in the industry. SIIG products can be found in computer retail stores, mail order catalogs, through major distributors, system integrators, and VARs in the Americas and the UK, and through e-commerce sites.
