Cordless Rechargeable LED Folding Light
Quick Reference Guide

Introduction

SIIG's *Cordless Rechargeable LED Folding Light* features tri-fold design and rechargeable battery for portability and ease of use. It integrates 18 LEDs with adjustable light output, multi-function clock/alarm/temperature display, battery charge/power status LED and is wall mountable. This portable cordless rechargeable LED light is the prefect solution for your on-the-go or at home lighting needs.

Package Contents

- *Cordless Rechargeable LED Folding Light*
- Mini USB charging cable

Instructions for Use

Charging the LED Light

1. Plug the mini USB tip of included mini USB charging cable into the *LED Light*'s mini USB charging port, then plug the other end of the charging cable into either a USB port of your computer or a USB wall charger. The charge status LED will turn red to indicate the charging process has begun.

    NOTE: Please use the included **Mini USB charging cable** to charge the *LED Light*. Using a different USB cable is not recommended.

Figure 5

2. When charging status LED goes off, it indicates the charging process is complete and the mini USB charging cable can be unplugged now.

    NOTE: Suggest to have the *LED Folding Light* fully charged before initial use.

LED Light Adjustment

Use the **One-Touch Dimmer Switch** to adjust the brightness as needed.

- Tap the **One-Touch Dimmer Switch** to turn on/turn off the light
- Touch and hold the **One-Touch Dimmer Switch** to turn up/turn down the brightness

> **NOTE**: If the LED light output gradually dim during use, it's a sign of low battery. Please have the *LED Light* recharged.

Display Settings

Before initial use, please remove the CR2025 Battery protection tab to power on the **Time and Temperature Display**. See **Figure 6**.

For future battery replacement, rotate the battery cover clockwise using a coin-shaped object to remove it. Insert a new CR2025 battery with the positive side facing up, then reinstall the battery cover by turning it counterclockwise. See **Figure 7**.

Pull out the protection tab before initial use

Technical Support and Warranty

QUESTIONS? SIIG's **Online Support** has answers! Simply visit our web site at *www.siig.com* and click **Support**. Our online support database is updated daily with new drivers and solutions. Answers to your questions could be just a few clicks away. You can also submit questions online and a technical support analyst will promptly respond.

SIIG offers a 2-year manufacturer warranty with this product. This warranty covers the original purchaser and guarantees the product to be free of any defects in materials or workmanship for two (2) years from the date of purchase of the product.

SIIG will, at our discretion, repair or replace (with an identical product or product having similar features and functionality) the product if defective in materials or workmanship. This warranty gives you specific legal rights, and you may also have other rights which vary from state to state. Please see our web site for more warranty details.

If you encounter any problems with this product, please follow the procedures below.

A) If it is within the store's return policy period, please return the product to the store where you purchased from.

B) If your purchase has passed the store's return policy period, please follow the steps below to have the product repaired or replaced.

> **Step 1:** Submit your RMA request.
>
> Go to **www.siig.com**, click **Support**, then **REQUEST A PRODUCT REPLACEMENT** to submit a request to SIIG RMA or fax a request to 510-657-5962. Your RMA request will be processed, if the product is determined to be defective, an RMA number will be issued.
>
> **Step 2:** After obtaining an RMA number, ship the product.
>
> - Properly pack the product for shipping. All accessories that came with the original package must be included.
> - Clearly write your RMA number on the top of the returned package. SIIG will refuse to accept any shipping package, and will not be responsible for a product returned without an RMA number posted on the outside of the shipping carton.
> - You are responsible for the cost of shipping to SIIG. Ship the product to the following address:
>
>   **SIIG, Inc.**
>   **6078 Stewart Avenue**
>   **Fremont, CA 94538-3152, USA**
>   **RMA #:** _____
>
> - SIIG will ship the repaired or replaced product via Ground in the U.S. and International Economy outside of the U.S. at no cost to the customer.

About SIIG, Inc.

Founded in 1985, SIIG, Inc. is a leading manufacturer of IT connectivity solutions (including Serial ATA and Ultra ATA Controllers, FireWire, USB, and legacy I/O adapters) that bridge the connection between Desktop/ Notebook systems and external peripherals. SIIG continues to grow by adding A/V and Digital Signage connectivity solutions to our extensive portfolio.

SIIG products offer comprehensive user manuals, many user-friendly features, and are backed by an extensive manufacturer warranty. High quality control standards are evident by the overall ease of installation and compatibility of our products, as well as one of the lowest defective return rates in the industry. SIIG products can be found in computer retail stores, mail order catalogs, through major distributors, system integrators, and VARs in the Americas and the UK, and through e-commerce sites.
