Instructions for Use

Charging the *Power Bank*

Note: It is recommended to fully charge the *Power Bank* before initial use.

1. Unfold the AC plug and plug into a reliable power outlet.
2. The LED power indicator blinks while recharging the *Power Bank*. Refer to Table 1 on page 4 for battery level status.
3. When the *Power Bank* is fully charged, the LED will be solid blue.
4. Disconnect the *Power Bank* from the power outlet, it will power off automatically.

Charging your USB Device

Note: It is recommended to use your USB device's original equipment USB charging cable.

Wall Charger

1. Unfold the AC plug and plug into a reliable power outlet.
2. Connect your USB device to a USB charging port using the USB device's USB charging cable.

3. When the USB device is fully charged, disconnect it and unplug the *Wall Charger* from the power outlet.

Power Bank

1. To activate the *Power Bank*, shake it from side to side. Verify the power LED indicator is on before connecting your USB device.
2. Connect your USB device to a USB charging port using the device's USB charging cable.
3. When the USB device is fully charged, disconnect the USB charging cable from the *Power Bank* and USB device. The *Power Bank* will power off automatically.

Notice

- **ALWAYS UNPLUG** the *Wall Charger* from the power outlet when not in-use
- **DO NOT** store or use the *Power Bank* in high temperature, damp areas, or in direct sunlight
- **DO NOT** open the case of the *Wall Charger*, doing so will void the warranty
- Keep **out of** reach from children

Technical Support and Warranty

QUESTIONS? SIIG's **Online Support** has answers! Simply visit our web site at www.siig.com and click **Support**. Our online support database is updated daily with new drivers and solutions. Answers to your questions could be just a few clicks away. You can also submit questions online and a technical support analyst will promptly respond.

SIIG offers a 1-year manufacturer warranty with this product. This warranty covers the original purchaser and guarantees the product to be free of any defects in materials or workmanship for one (1) year from the date of purchase of the product.

SIIG will, at our discretion, repair or replace (with an identical product or product having similar features and functionality) the product if defective in materials or workmanship. This warranty gives you specific legal rights, and you may also have other rights which vary from state to state. Please see our web site for more warranty details.

If you encounter any problems with this product, please follow the procedures below.

A) If it is within the store's return policy period, please return the product to the store where you purchased from.

B) If your purchase has passed the store's return policy period, please follow the steps below to have the product repaired or replaced.

Step 1: Submit your RMA request.

Go to www.siig.com, click **Support**, then **REQUEST A PRODUCT REPLACEMENT** to submit a request to [SIIG RMA](#) or fax a request to 510-657-5962. Your RMA request will be processed, if the product is determined to be defective, an RMA number will be issued.

Step 2: After obtaining an RMA number, ship the product.

- Properly pack the product for shipping. All accessories that came with the original package must be included.
- Clearly write your RMA number on the top of the returned package. SIIG will refuse to accept any shipping package, and will not be responsible for a product returned without an RMA number posted on the outside of the shipping carton.
- You are responsible for the cost of shipping to SIIG. Ship the product to the following address:

SIIG, Inc.
6078 Stewart Avenue
Fremont, CA 94538-3152, USA
RMA #: _____

- SIIG will ship the repaired or replaced product via Ground in the U.S. and International Economy outside of the U.S. at no cost to the customer.

About SIIG, Inc.

Founded in 1985, SIIG, Inc. is a leading manufacturer of IT connectivity solutions (including Serial ATA and Ultra ATA Controllers, FireWire, USB, and legacy I/O adapters) that bridge the connection between Desktop/ Notebook systems and external peripherals. SIIG continues to grow by adding A/V and Digital Signage connectivity solutions to our extensive portfolio. SIIG products offer comprehensive user manuals, many user-friendly features, and are backed by an extensive manufacturer warranty. High quality control standards are evident by the overall ease of installation and compatibility of our products, as well as one of the lowest defective return rates in the industry. SIIG products can be found in computer retail stores, mail order catalogs, through major distributors, system integrators, and VARs in the Americas and the UK, and through e-commerce sites.
