Output	USB Type-C port: 5/9/12/14.5/20V, 30W (Max) USB Type-A port: 5V/2.4A (Max)
Dimensions	4.72" (W) x 2.17" (H) x 4.72" (D)
Weight	0.37 lbs
Operating temperature	32 to 104 degrees F
Storage temperature	14 to 122 degrees F
Operating humidity	20% to 85% RH
Storage humidity	10% to 95% RH

Package Contents

- *48W 4-Port USB with Type-C PD Laptop Charging Station*
- AC Power Adapter
- User Reference Guide

Layout

Figure 1: 48W 4-Port USB with Type-C PD Laptop Charging Station

- **Power Button:** Press to turn On/Off the *charging station*
- **Power LED:** Lights up when the power is on
- **USB Type-C PD:** Connects to USB-C laptops, tablets, smartphones or other devices for charging
- **USB Type-A:** Connects to smartphones, tablets or other USB-powered devices for charging
- **Power Jack:** Connects to the included power adapter

Instructions for Use

Note: For optimal charging speed, we recommend using your device's original equipment charging cable.

1. Insert the power plug of the included power adapter into the **Power Jack** of the *Charging Station*.
2. Plug the power adapter into a reliable power outlet.
3. Verify the LED of the power adapter is lit to ensure that it's receiving power.
4. Power on the *Charging Station* and plug your device(s) into charging port by cable (cable not included).

Application

48W 4-Port USB with Type-C PD Laptop Charging Station is an ideal charging companion which enables you to charge 1 USB-C device and 3 USB devices simultaneously.

Note: Three Type-A ports are capable of 2.4A output, but actual output will be reduced if the 9.6A total output is exceeded

Figure 2: Application

Troubleshooting

If the *Charging Station* isn't functioning properly:

- Check that the Power Adapter is plugged into a functioning power outlet
- Check that the green LED on the Power Adapter is lit to ensure that it is receiving power
- Check that the charging cable is firmly inserted into both the *Charging Station* and your device

Notice

- **Always Unplug** the *Charging Station* from the power source when not in use
- **DONOT** place the *Charging Station* on heated surface or next to other heat sources
- **DONOT** attempt to replace any parts or open the case of the *Charging Station*, opening the case can cause personal injury due to electrical hazard and will void the manufacturer warranty
- **DO NOT** expose the *Charging Station* to liquids or excessive heat
- Keep **out of** the reach of children

Technical Support and Warranty

QUESTIONS? SIIG's **Online Support** has answers! Simply visit our web site at www.siig.com and click **Support**. Our online support database is updated daily with new drivers and solutions. Answers to your questions could be just a few clicks away. You can also submit questions online and a technical support analyst will promptly respond.

SIIG offers a 1-year manufacturer warranty with this product. This warranty covers the original purchaser and guarantees the product to be free of any defects in materials or workmanship for one (1) year from the date of purchase of the product. This warranty is not transferable and is available only to the original purchaser of the product.

SIIG will, at our discretion, repair or replace (with an identical product or product having similar features and functionality) the product if defective in materials or workmanship. This warranty gives you specific legal rights, and you may also have other rights which vary from state to state. Please see our web site for more warranty details.

If you encounter any problems with this product, please follow the procedures below.

A) If it is within the store's return policy period, please return the product to the store where you purchased from.

B) If your purchase has passed the store's return policy period, please follow the steps below to have the product repaired or replaced.

Step 1: Submit your RMA request.

Go to www.siig.com, click **Support**, then **REQUEST A PRODUCT REPLACEMENT** to submit a request to [SIIG RMA](#) or fax a request to 510-657-5962. Your RMA request will be processed, if the product is determined to be defective, an RMA number will be issued.

Step 2: After obtaining an RMA number, ship the product.

- Properly pack the product for shipping. All accessories that came with the original package must be included
- Include a copy of your original sales receipt inside the package with date of purchase and place of purchase circled and clearly visible
- Clearly write your RMA number on the top of the returned package. SIIG will refuse to accept any shipping package, and will not be responsible for a product returned without an RMA number posted on the outside of the shipping carton
- You are responsible for the cost of shipping to SIIG. Ship the product to the following address:

SIIG, Inc.
6078 Stewart Avenue
Fremont, CA 94538-3152, USA
RMA #: _____

- SIIG will ship the repaired or replaced product via Ground in the U.S. and International Economy outside of the U.S. at no cost to the customer

About SIIG, Inc.

Founded in 1985, SIIG, Inc. is a leading manufacturer of IT connectivity solutions (including Serial ATA and Ultra ATA Controllers, FireWire, USB, and legacy I/O adapters) that bridge the connection between Desktop/Notebook systems and external peripherals. SIIG continues to grow by adding A/V and Digital Signage connectivity solutions to our extensive portfolio.

SIIG products offer comprehensive user manuals, many user-friendly features, and are backed by an extensive manufacturer warranty. High quality control standards are evident by the overall ease of installation and compatibility of our products, as well as one of the lowest defective return rates in the industry. SIIG products can be found in computer retail stores, mail order catalogs, through major distributors, system integrators, VARs and through e-commerce sites.
