Driver Installation

Make sure the driver is installed **Before** plugging the *USB to Serial-Value* into the computer.

Windows 8 (32-/64-bit) / 7 (32-/64-bit) / Server 2008 R2

1. Insert the driver CD.
2. At the *AutoPlay* box: Click **Open folder to view files**, then double click **Setup**.
If *AutoPlay* doesn't start: Click **Windows key** and **R**, type **D:\setup.exe**, then click **OK**. (Change **D:** to match your CD-ROM drive letter)
3. At the User Account Control, click **Yes**.
Skip this step if not prompted.
4. Click **Next**, then click **Finish**.
5. Plug the *USB to Serial-Value* into a USB port and the driver will install automatically.
6. Restart Windows to complete the installation.

Windows Vista (32-/64-bit)

1. Insert the driver CD.
2. At the CD autoplay window: Double click **Setup**.

If the CD doesn't auto-start: Click **Start**, in the **Start Search** box, type **D:\setup.exe**, then press **Enter**. (Change **D:** to match your CD-ROM drive letter)

3. At the User Account Control, click **Allow**.
4. Click **Next**, then click **Finish**.
5. Plug the *USB to Serial-Value* into a USB port and the driver will install automatically.
6. Restart Windows to complete the installation.

Windows Server 2008 (32-/64-bit)

1. Insert the driver CD.
2. At the *AutoPlay* box: Click **Open folder to view files**, then double click **Setup**.

If *AutoPlay* doesn't start: Click **Start**, in the **Start Search** box, type **D:\setup.exe**, then press **Enter**. (Change **D:** to match your CD-ROM drive letter)

3. Click **Next**, then **Finish**.
4. Plug the *USB to Serial-Value* into a USB port and the driver will install automatically.
5. Restart Windows to complete the installation.

Windows XP (32-/64-bit) / Server 2003 (32-/64-bit) / 2000

1. Insert the driver CD.
2. Click **Start, Run**, type **D:\setup.exe**, then click **OK**. (Change **D:** to match your CD-ROM drive letter).
3. Click **Next**, then **Finish**.
4. Plug the *USB to Serial-Value* into a USB port and the driver will install automatically.
5. Restart Windows to complete the installation.

To Verify Windows Installation

1. Check **Device Manager** to verify installation.

For Windows 8 / 7 / Server 2008 R2: Right click **Computer**, click **Manage**.

For Windows Vista: Right click **Computer**, click **Manage**, click **Continue**.

For Server 2008: Right click **Computer**, click **Manage**, double click **Diagnostics**.

For XP / Server 2003 / 2000: Right click **My Computer**, click **Manage**.

2. Click **Device Manager**.
3. Double click **Ports (COM & LPT)**, a **Prolific USB-to-Serial Comm Port...** should be displayed.

Technical Support and Warranty

QUESTIONS? SIIG's **Online Support** has answers! Simply visit our web site at *www.siig.com* and click **Support**. Our online support database is updated daily with new drivers and solutions. Answers to your questions could be just a few clicks away. You can also submit questions online and a technical support analyst will promptly respond.

SIIG offers a 5-year manufacturer warranty with this product. This warranty covers the original purchaser and guarantees the product to be free of any defects in materials or workmanship for five (5) years from the date of purchase of the product.

SIIG will, at our discretion, repair or replace (with an identical product or product having similar features and functionality) the product if defective in materials or workmanship. This warranty gives you specific legal rights, and you may also have other rights which vary from state to state. Please see our web site for more warranty details.

If you encounter any problems with this product, please follow the procedures below.

- A) If it is within the store's return policy period, please return the product to the store where you purchased from.
- B) If your purchase has passed the store's return policy period, please follow the steps below to have the product repaired or replaced.

Step 1: Submit your RMA request.

Go to www.siig.com, click **Support**, then **REQUEST A PRODUCT REPLACEMENT** to submit a request to [SIIG RMA](#) or fax a request to 510-657-5962. Your RMA request will be processed, if the product is determined to be defective, an RMA number will be issued.

Step 2: After obtaining an RMA number, ship the product.

- Properly pack the product for shipping. All accessories that came with the original package must be included.
- Clearly write your RMA number on the top of the returned package. SIIG will refuse to accept any shipping package, and will not be responsible for a product returned without an RMA number posted on the outside of the shipping carton.
- You are responsible for the cost of shipping to SIIG. Ship the product to the following address:
SIIG, Inc.
6078 Stewart Avenue
Fremont, CA 94538-3152, USA
RMA #: _____
- SIIG will ship the repaired or replaced product via Ground in the U.S. and International Economy outside of the U.S. at no cost to the customer.

About SIIG, Inc.

Founded in 1985, SIIG, Inc. is a leading manufacturer of IT connectivity solutions (including Serial ATA and Ultra ATA Controllers, FireWire, USB, and legacy I/O adapters) that bridge the connection between Desktop/ Notebook systems and external peripherals. SIIG continues to grow by adding A/V and Digital Signage connectivity solutions to our extensive portfolio.

SIIG products offer comprehensive user manuals, many user-friendly features, and are backed by an extensive manufacturer warranty. High quality control standards are evident by the overall ease of installation and compatibility of our products, as well as one of the lowest defective return rates in the industry. SIIG products can be found in computer retail stores, mail order catalogs, through major distributors, system integrators, and VARs in the Americas and the UK, and through e-commerce sites.
