Package contents

- USB 3.0 to HDMI/DVI Pro adapter
- HDMI to DVI adapter
- User Manual

System requirements

- PC with an available USB 3.0 Type-A Port
- Windows® 10 / 8.1 / 8 / 7 (32/64 bit)
- Mac OS X® 10.6 to 10.15, 11.X (DisplayLink chipset DOES NOT work with Mac OS 10.13.4 to 10.13.6 update.)
- It's recommended to upgrade to Mojave 10.14 or later version)

Note: If you connect the adapter to a USB 2.0 host port, performance will be limited.

DisplayLink driver installation

1. Please use the product serial number "JU-H30H11-S1" to search the driver from the SIIG website.
2. Download the driver which fits your PC system running.
3. Run the setup file
4. Follow the screen instructions to complete the installation and restart your PC

5. For DisplayLink configuration, please search & refer to Support document on DisplayLink website
<https://support.displaylink.com/>
